*"Nurturing, mentoring, and feeding our community"*

Our April Spotlight guest was **Chef Stephanie Willis** from ***Everybody Eats Philly*** and ***Vittles Food Hall*** (located in Chester).

As part of their mission, ***Everybody Eats Philly*** is dedicated to increasing food security and building community.

The Everybody Eats concept started in 2020 in response to the lack of resources caused by the pandemic and racial justice protests.

Stephanie shared some of her upbringing with CTC members last Thursday and noted she grew up with a huge family, with sometimes 10-20 people joining for meals. This is where her love of cooking started especially when food fosters community. Everybody Eats' efforts with combatting food insecurity has expanded to other underserved communities in New York, San Antonio, Cleveland, and New Jersey. Recently, Stephanie joined a panel discussion at the Philly Chef Conference on *The Power of Food: Chef Movement for Social Change* alongside Erik Bruner Yang, Ed Lee, and Kat Kinsman.

In addition to Everybody Eat's social impact, they have expanded their operation to a brick-and-mortar in Vittle's food hall in Chester (801 Sproul Street, Chester, PA 19013) Chef Stephanie recommends the WhizWit Burger, Jerk Salmon, and their house-made Cobb salad. Catering IS available and cash transactions are currently not being accepted due to Covid-19.

Let's give them a warm welcome to Delaware County!

## Holcomb Behavioral Health Systems

(Free Programming/Poster Contest)

May 5th from 9am-11am, Holcomb's Fetal Alcohol Spectrum Disorder training (virtual) To register: <https://us02web.zoom.us/meeting/register/tZYrdOGspz0vG9JjS6moHXT-3nLRkIImfYZ3>

Please help vote for the Holcomb Poster Contest-<https://forms.gle/PFxQrguxGHYWygZ87>

### Holcomb Behavioral Health Systems is pleased to offer the following programs FREE to Delaware County Schools & Community Organizations

**Keep A Clear Mind (4<sup>th</sup>-6<sup>th</sup> Grade):** KACM is a 5-lesson program that introduces the topics of Alcohol, Tobacco, Marijuana, and Making Good Choices, and the harmful effects and consequences of each substance. Each week, a Prevention Specialist will introduce the weekly topic and students are given a workbook to be completed with a parent or guardian at home. KACM encourages parents and youth to start the discussion of drugs and alcohol prevention together at home. KACM is a great way to increase parent engagement in your school!

**Safe Dates (6<sup>th</sup>-12<sup>th</sup> Grade):** Safe Dates is a highly engaging and interactive 6-8 session program designed to stop or prevent the initiation of emotional, physical, or sexual abuse between individuals in a dating relationship. Teens learn to recognize the difference between caring, supportive relationships and controlling, manipulative, or abusive relationships.

**AVOID (6<sup>th</sup>-12<sup>th</sup> Grade):** The Anti-Vaping Online Information Dissemination (AVOID) Program is a media-based online prevention toolkit for vape prevention for middle and high school students. It is presented in one-hour weekly sessions, for five weeks. AVOID contains brief educational videos and discussion guides. The videos engage students and provide information. The accompanying discussion guides help Prevention Specialists present these videos to youth and conduct a deeper conversation on vaping topics.

**Positive Action (1-3<sup>rd</sup> Grade):** Positive Action is a 6-lesson program which encourages students to make positive choices. It works by teaching and reinforcing that you feel good about yourself when you do positive actions, and there's a positive way to do everything. Positive Action is designed to improve academic achievement, school attendance, and problem behaviors.

**Environmental Campaigns (All Ages):** These monthly campaigns aim to break the belief that "everyone is doing it" and educate youth through printed materials, speaking engagements, and activities that, in fact, most youth today are not using drugs or alcohol.

**Stall Stories (All Ages):** Stall Stories are monthly flyers which highlight environmental campaigns that aim to increase awareness and educate the community on important topics to prevent ATOD use.

## Healthy Kids Running Series

(Free youth running program)

Healthy Kids Running Series is a five (5) week running program in the spring and fall for kids Pre-K through 8th grade. Each HKRS Series takes place once a week and offers age appropriate running events including the 50 & 75 yard dashes, the 1/4 mile, the 1/2 mile and the 1 mile run. Kids compete each week for a chance to earn points. At the end of the Series the boys and girls who accumulate the most points in their respective distances are awarded trophies. All participants receive a medal on Week 5!

This free five-week series is a community event that is open to children who reside within Chester, PA. Registration for this race cannot be transferred to another HKRS race due to a registration sponsorship tied to the Chester location. All race day guidelines will be emailed prior to event day.

## **Greener Partners** (Farm Explorer)

Greener Partners is a nonprofit that addresses food access, education, and sovereignty.

# GREENER PARTNERS' FARM EXPLORER

## FARM-TO-SCHOOL PROGRAMS 2021-2022

Greener Partners sparks curiosity in science and healthy eating with the **Farm Explorer**, a mobile farm with hands-on lessons about edible plants, seasonal eating, and nutrition.

Our **discovery-based programs** create **excitement** around growing, preparing, and eating fresh fruits and vegetables as kids dig in healthy soil, smell herbs, taste plants, and cook with ingredients they helped harvest.

Our farmer-educators bring a seed-to-plate experience right to your school or community site — in a farm on wheels bursting with +30 edible plants. It's fun, educational, and convenient!

**EACH PROGRAM** fits into a 45-60 minute class period and includes interactive science lessons linked to state standards, plus preparing and tasting a take-home recipe that provides students with one additional serving of fruits or vegetables that day.

**OUR STAFF** are farmers, educators, and cooks: true experts on food, from seed to plate.

### FARM EXPLORER PROGRAM OPTIONS

**Farm Explorer Truck:** One farm truck visit, fall or spring: **1 outdoor visit with 1 educator**

**Farm Explorer Classroom:** One-time visit (without the truck) includes making and tasting a recipe: **1 classroom visit with 1 educator**

**Farm Explorer Full Season:** One outdoor farm truck visit in the fall or spring. Two indoor classroom visits in the winter months. The full season option connects youth to the source of food and the amazing science behind it: **3 visits with 1 educator**

### FARM EXPLORER EXTRAVAGANZA

For large public events, outdoor school assemblies, libraries, and healthcare events, an "open-house" style presentation of the Farm Explorer and blender bike:

**1 open-house visit for 3 hours with 3 educators**

The Farm Explorer has been shown to increase willingness to try fruits & vegetables at school and ask to eat fruits & vegetables at home.

- **Healthy Start** is a Community Health Worker model with tiered case management services for pregnant women. Staff focus on healthcare access to help ensure full-term and healthy pregnancies, support breastfeeding and infant care, manage information and resource coordination, connect moms

with in-house counseling for Perinatal Mood and Anxiety Disorders or postpartum depressions, and civil legal assistance through our Medical Legal Partnership program.

- **Nurse Family Partnership** pairs first-time, low-income mothers with home visiting nurses throughout Delaware County. Women must be enrolled in the program prior to 28 weeks to be eligible for the program which continues until the baby's 2<sup>nd</sup> birthday. This relationship-based program focuses on healthcare access and health education, positive parenting, infant growth and development, and support for mom in working towards self-sufficiency. Enrolled mothers are also able to access behavioral health supports and civil legal assistance.
- **Delaware County WIC (Women, Infants and Children) Program** is also a great program to ensure healthy pregnancies and improve birth outcomes, focusing on growth and development of children. It provides eligible pregnant, postpartum and breastfeeding women, infants and children under age 5 with nutrition information, breastfeeding support, and nutritious food and referrals. WIC helps to build strong, healthy families and ensure kids enter kindergarten healthy and ready to learn!
- **Cribs for Kids** is a referral-based program to provide Safe Sleep Education and a new Pack & Play to families who are challenged by extreme poverty and displacement due to domestic violence or house fires. Cribs for Kids nationally has been an important resource and champion in the fight to prevent sleep-related deaths in communities across America.
- **The Center for Hispanic Resources** is a drop in (now telephonic) program that provides assistance to Delaware County's Spanish-speaking community. Bilingual case management staff assist participants with completing applications, making appointments and connecting with community-based resources, providing translation services and limited interpretation services.
